CARFLEO CONFERENCE
Queen of the Apostles
Retreat Centre**

On May 24, 2015 Pope Francis challenged all of us to care for our common home in his encyclical Laudato Si. For the last two years our conference has been blessed with knowledge keepers from the indigenous people. We wanted to bridge what we learned from them to help us to move forward.

Now, more than ever, we need to respond to Pope Francis' challenge. Global warming is not fake news; it is a reality that we need to address as soon as we are able.

“Nothing in this world is indifferent to us.”

Pope Francis

Registration starting in February 2019
